Park Road Boardwalk

Noosa Council has started work to replace the 420m section of the Park Road Boardwalk from Little Cove to the Noosa National Park entrance. The project will be completed by mid-December 2018, weather permitting.

Project summary

The upgraded section of the Park Road Boardwalk is anticipated to be an iconic experience to any visit to Noosa. Key features will include:

- pathway widths ranging from 2.5 to 5m
- expanded viewing platforms
- decking with unique accoya timber
- decking that will eventually turn grey to blend into the environment
- interesting seating and resting stops at key viewing sites
- improvements to the steepness of the boardwalk to improve wheelchair-assisted access
- significant trees incorporated into the boardwalk
- improvements to existing stairway accesses
- unobtrusive LED lighting. with movement sensors and timers.

Changes to vehicle and pedestrian access

One lane of Park Road is closed for the duration of the project.

Traffic is flowing in a one-way loop from Park Road up Alderley Terrace and down Mitti Street. Temporary traffic signals and a reduced speed limit are in place, as well as barriers and signage to guide motorists safely through the site.

Pedestrians are advised to use the alternative pathway to access the National Park from Little Cove. This pathway does include stairs, so anyone using a pram, wheelchair, mobility scooter, or other wheeled device will be unable to access sections of the pathway. A map illustrating changes to traffic and pedestrian access is included on the second page.

Council is working with the contractor to minimise the impact of construction on the community. Council appreciates residents' and visitors' patience while work is underway.

Further information

Council is committed to ensuring the community is kept informed about the Park Road Boardwalk.
